

I'am writting to express my strong convictions as to my right to phone privacy. The law that has been passed in Indiana has served to do just this, protect my rights. If I have any desire to contact a Business, I will do so at my will. I have yet to have any difficulties being reached by Business' that I have chosen to do business with. The only thing that would come out of by-passing this law would be for consumers such as myself to have unwanted, harassing phone calls.
